

Opportunities for Benefactors and Exhibitors

IEEE International Conference on Electro/Information Technology (EIT 2012)

May 6-8, 2012

IUPUI Conference Center and Hotel, Indianapolis, Indiana, USA

The 2012 Electro/Information Technology Conference, Sponsored by the IEEE Region 4 (R4), is focused on basic/applied research results in the fields of electrical and computer engineering as they relate to IT and its applications. The purpose of the conference is to provide a forum for researchers and industrial investigators to share principles, practices, concepts, and experiences and exchange ideas and discuss developments. The interplay between academy and industry results in a better understanding of the impact of this growing field. There will be exhibits where the latest technology tools and products will be showcased. This is also an opportunity for professional development, workshops and tutorials. Please visit the conference webpage for more information at: <http://www.eit-conference.org/eit2012>
